MEMORANDUM

TO: **DR-4176 Public Assistance Applicants**

FROM: **JEFF BYARD, State Coordinating Officer**

RE: **Alternative Procedures Pilot Program Federal Cost Share Timeframe**

All,

Under DR-4176 most of you elected to utilize the FEMA Alternative Procedures Public Assistance Pilot Program for debris. The FEMA Alternative Procedures Pilot Program established increased Federal cost share percentages for debris removed under a certain timeframe. The program only applies to debris projects that exceed $120,000 (large project threshold). In accordance with the pilot program guidance, the first 30 day timeframe ends 30 days from the established incident period. The incident period began April 28, 2014. The timeframe for 85% Federal cost share will end today. Beginning tomorrow May 29, 2014 and extending 60 days from the 29th of May the Federal cost share will be 80% for debris operations. On July 27, 2014 the Federal cost share will reduce to 75%.

If you have any questions please call Matthew Malone at 205.318.1041. Thank you for your cooperation.
